When you first turn on the iPad you will be shown the “Hello” screen

Swipe to the right to get started

Select your language, generally **British English**

Select your country, **United Kingdom**

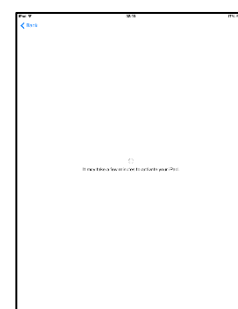

Select your home Wi-Fi Network, and enter the password

The following message will be displayed

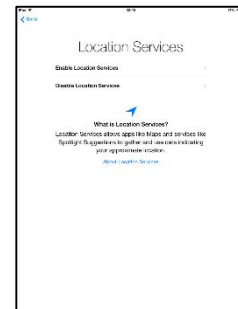

“It may take a few minutes to activate your iPad.”

An Academy iPad - Getting Started

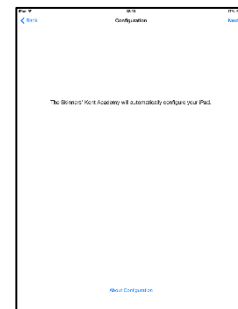

Tap **Enable Location Services**

This will turn on Find My iPad, should you have the misfortune to lose the iPad this may help us to find it.

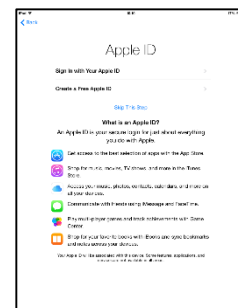

Tap next

The Academy profile will then be installed to the iPad

If you already have an Apple ID you can use it to sign in here, if you don't have one please **DO NOT** create a free Apple ID on this page, **Tap Skip This Step**, as you will be asked to add a credit/debit card. Please use the separate help guide on how to create an Apple ID.

Here's where you create your passcode for the iPad, make sure you can remember the number you use. If you forget it the iPad may have to be erased to clear it.

Once you have done all this you are ready to start using the iPad, just tap on **Get Started**
